F O R E W A R D

As we grow older, we find ourselves getting more and more involved with things that have to do with the future, and lacking memory of the past. For this reason we take the time to publish this Annual Reflector, so that in these pages you will find reminders of your teachers, classmates, and various activities which you may have participated in while you were here at Central.

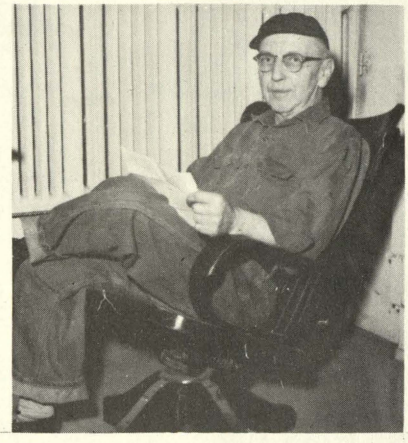
In a way, Central is like a bridge you must cross on your way to maturity and adulthood. The teachers here at Central played a big part in helping you to cross this bridge. They have helped us to gain useful knowledge, develop good study habits, and prepared us for a different way of life. For this we should be very thankful as well as grateful.

We didn't all come to Central voluntarily, but because we live in this district, it is the school we must attend. I'm sure most of those who came involuntarily are now changing their opinions, for the general attitude of Central's student body is cheerful and welcoming. We ninth graders, and others before us, have tried to set a good example for everyone and wish that the others will continue to maintain Central's good reputation and stand out in whatever they do. Remember, Americas young people are the leaders of tomorrow, and we hope that the students here will be a credit to our junior high.

In conclusion, I would like to wish the 7th and 8th graders good luck in their remaining years at Central, for they will be taking over the Reflector, our sports teams, and the other activities. I would also like to wish the teachers luck in doing their part in guiding America's future citizens.

Claudia Smits,

Editor, The Reflector



D E D I C A T I O N

The 1964-65 journalism staff is proud to dedicate this Annual Reflector to Central's stationary engineer, Mr. Carl Phillips. Mr. Phillips has been working here at Central since 1924 and with the school board since 1921. He plans on retiring this August 1st, and when asked what he would like to do after retirement, he replies, "Fish!"

The journalism staff hopes that Mr. Phillips will enjoy this Annual and continue to live a long, healthy, and prosperous life.

Dear Pupils

The students in Central Junior High School are our ambassadors. Even if they do not carry briefcases and do wear sneakers, they are the ones who make the lasting impressions on the general public, parents, and friends by their words and actions.

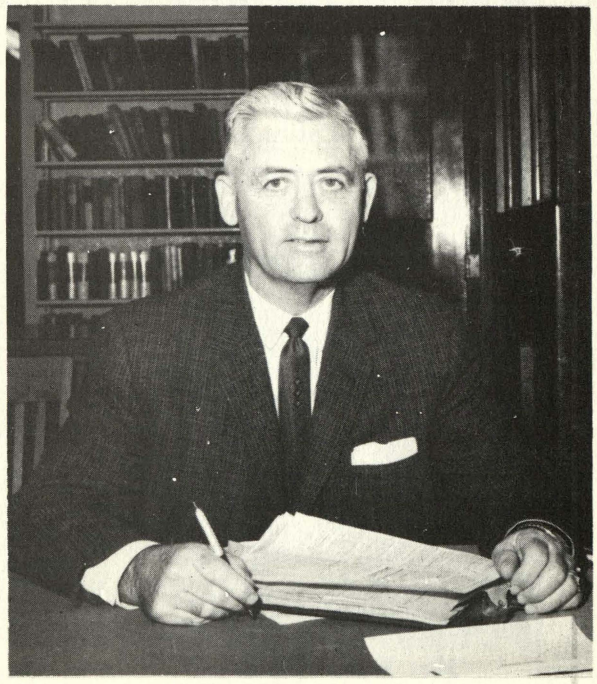
May I congratulate our ambassadors for helping build good relations between the school and the community this past year. I hope that the students of Central appreciate what the community offers and will want to participate in its activities as they grow into adulthood.

Irving W. Burtt
Principal

My farewell words to you this year are a plea for RESPONSIBILITY. We are all responsible to God, to our neighbor, and to ourselves for our actions which reflect our own inner spirit, our home training, and our school discipline. When you can be proud of yourself in all your actions, you will be the good citizen we desire you to be.

Sincerely,

Josephine M. Klempnow
Dean of Students



I sincerely hope that I have helped to influence many of you in building desirable habits of attendance and of promptness, two important qualities needed in maintaining good records as you reach adulthood.

My best wishes to you as you complete one more year of your education.

CUSTODIANS - MAINTENANCE

by Irene Castellanos

During the past year Central's physical welfare was mostly the concern of Central's custodians and other maintenance. employees. Thev perform such services to the school as keeping halls, as well as the classrooms,clean and ready for use.

Central has eight custodians, two firemen, and one engineer. The head of the custodians is John Morrell. Those who work under him are: Ernest Lockwood, Robert Shepard, Harold Sanderson, Melvin Duve, Oakley Braken,Florence Thomas, and Marguerite Judd.

Jerry Williams and Keith Williams, Central's firemen, work to keep the hot water flowing and maintain heat and steam.

Carl Phillips,the engineer, works to keep all electrical equipment around Central operating efficiently.

CENTRAL GOES ON TWO SHIFTS
by Robert Evans

This year, Central Junior went on two different time shifts to make better use of the classrooms and the school.

Because Central is a bit overcrowded, the seventh and eighth grade students came to school at 8 o'clodk and were dismissed at 2:30. The ninth graders came to school at 8:55 and were dismissed at 3:25. The ninth graders had no first hour, they came to school at second hour which was homeroom hour.

THE CLASS PROPHECY

By Robert C. Evans

As I sit in my office I see on television world-wide commentator Irene Castellanos is reporting on the first three-man flight to Mars and back (I hope.) She's talking with the head designer, Ozzie Williams and his assistant Tim Wehner about the rocket. Now the crew is heading for the space ship, at launcing pad 13 The ship will be piloted by Captain Ronald Gibbs, first-mate Cozy Smith, and cookGeorge St. Mary. Boy, they'll be lucky it they get that ship back now.

Back down to earth Claudia Smits and her friendly rival Becky Foster have entered the MISS America contest at the auditorium of the rich and famous playboy---WalterHarris. But not doing too well, in beauty at least, is Gary Bremer who has had three nose jobs performed by the plastic surgeon, mad man Roy Patilla.

David Scott has opened a new teenage night club O.L.A.,OFF LIMITS to ADULTS. The maintenence men Johnny Williams, Robert Foote, and Ricardo Gillespie are finishing the extra star dressing rooms to house some entertainers to be there on opening night; such people as Joyce Williams, singing two hit records, and the comedy team of Oscar and Wesley, (Oscar Bailey and Warren Wesley) and Thomas Richards and Arthur Davis, the famous piano duet will play their arrangement of Alley-Cat which got them in to the Carnegie Hall of Fame.

Frances Kimble and Jackie Bates are flying to Paris on Around the World Airlines, owned by the great philanthropist Gregory Knapp, to open a new dress salon, La Chez Paree where dressess fashioned by Sweet and Ybarra Fashion Co., the former Charlys Sweet and France Ybarra are being shown. Models showing the dresses are Paulette Brown and Joyce Jordan.

Willie Badger set a new N.F.L. scoring record of 186 points, with teammate Jim Eurick throwing for 32 thouchdown passes. George Foster and Larry Pershay are outstanding rookies and are battling for Rookie of the year honors in pro basketball. August Williams and Emzie Hulett are rookies at the Pittsburgh Pirates spring training camp—that's a perfect name for them "Pirates". Elsewhere, Howard Sharper and Delores Greer have won heavyweight titles in wrestling in their division.

Many marriages have marred our society also. They are: Larry Baty to Melba Banks, John Cronk to Ellen Bettesworth, George Stevenson to Katheline Billingsley, Edward Fuller to Virginia Walle, Milton Marshall to Brenda Clay, Dennis Allen to Joann Grandy, Michael Marsh to Wilda Haney, and Frank Hardy to Jenny Weaver I guess these men just don't know what married life is like!

Many political wonders have also come out of the solitude of Central Junior High. Charles A.Kruse, criminal attorney; Joseph McKnight Chairman of the Sanitation Commision; Garfield Lawson, Superintendent of Schools---what!! I really hate to see the school system now, probably school once a week for one hour.

Teachers have also returned to teach at Central. Susan Stadjl is teaching English in 210, Rose Ferrell has come back to teach homemaking, Patricia Gabel is teaching Mr. McMullins civics class in 104. Mara Ducis is teeching German for Mr. Bickel. Karen Bowen is teaching algebra.

Well I guess I'd better get back to my brain operation before poor Cecil Doster bleeds to death.

EXTERNS AT CENTAL

by Joann Grandy

During the year, externs from Michigan State and Central Michigan came to Central to gain teaching experience for a period of six to eight weeks.

Some of the externs and the classes they taught were; from Central Michigan: Barbara Skunda (Spanish, English), Tamara Cook (Typing), James Garlo (Mathematics),Gilbert Thibault (History), Joan Toeppner (Physical Education), Janice Jakimiec (Art), Caroline Feldkamp (German) . From Michigan State : Judith Wilkie (Typing), Reardon Campeau (Mathematics), Judy Smith (History).

SERVICE SQUAD

by Irene Castellanos

Under the supervision of Mr. Hubbard, one of the history teachers here at Central, the members of the service squad have done a fine job this past year. These eighth and ninth graders with at least a "C" average, work to keep the halls safe and pleasant.

For their service they are awarded one service hour per day if they are present. These students find this to be a convienent method of earning service hours.

Several of the eighth graders continue to serve the squad the following year.

This year, as in past years, Central has had noon movies, during lunch period. The addmission was five cents to cover the charge of renting the movies.

GOD AND COUNTRY AWARDS

by Howard Gould

Thomas Woods and Gerald Woods are two of three boy scouts who received "God and Country Awards" in scouting Sunday, February 7, at Warren Avenue Presbyterian Church.

Both Tom and Jerry attend Central. Tom is 13 and is in the eighth grade. His homeroom is 312B. Jerry is 12 and is in the seventh grade. His homeroom is 211A. They live at 1243 Sheridan.

Tom and Jerry began working on this award nearly two years ago. This is not a merit badge even though it is held in very high esteem in scouting. It is the church's recogniton of a scout's growth in churchmanship. It is hoped that the scout will continue to grow in discipleship.

The achieving of the award has involved much about the ministry of the church both locally and across the world; of participating in six service projects; of studying how to minister to the community; of becoming familar with the books of the Bible and many passages. The work of these boys is to be commended

The other boy who received this award is Robert Boettcher who attends North Intermediate School.
